Chapter 5: Informatica Global Customer Support. 9

Abstract

This document describes new features, fixed limitations, upgrade changes, and known limitations of the Data Transformation NACHA library.

For more information about the library, see the *Data Transformation Libraries Guide*.

CHAPTER 1

New Features

Data Transformation 10.1.0.2 adds support for the NACHA 2016 library version.

CHAPTER 2

Installing the Library

Before you can use a Data Transformation library, you must install it.

Note: If you are running the previous version of the library, you can update the library from the version 10.1 .zip file, following the steps described in the Installing Libraries section of the *Data Transformation Libraries Guide*.

1. Copy the library .zip file to your local file system and unzip the file.
2. From the unzipped folder, copy the folder `\<lib name>\Developer\DT` to the directory `<Install_Dir>\<version>\clients\`.

CHAPTER 3

Fixed Limitations

The following table describes fixed limitations:

Bug	Description
LIB-6524	The Parser and Serializer in the Data Processor transformation have the same instance name and cannot be distinguished from each other by the Developer during execution.

CHAPTER 4

Known Limitations

There are no known limitations.

CHAPTER 5

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through Online Support on Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:
http://www.informatica.com/us/services-and-training/support-services/global-support-centers.

If you are an Informatica Network member, you can use Online Support at http://network.informatica.com.
