Read the Informatica® Identity Resolution Release Notes to learn about fixed limitations and known limitations of the release.

Installing or Upgrading Identity Resolution

Before you install or upgrade to Identity Resolution version 10.5 HotFix 1, see the following documents:

- *Informatica Identity Resolution 10.5 HotFix 1 Installation and Configuration Guide*
- *Informatica Identity Resolution 10.5 HotFix 1 Release Notes*

For more information about product requirements and supported platforms, see the Product Availability Matrix: <https://network.informatica.com/community/informatica-network/product-availability-matrices>.

10.5 HotFix 1 Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-2323	When you send SOAP messages with embedded script in URI to the web service, you get error messages with invalid URI. These invalid URIs might redirect you to malicious websites.
IR-2318	<p>If you use dictionary aliases to start the Identity Resolution console and connect to the Rulebase Server, you get the following error:</p> <pre>An Error Has Occurred: ssacssi.c 4969 rc 1* ssacsi_TemplateCheck cssys.c 2632 rc 1* ssacs_template_check cssys.c 2591 rc 1* delete_template delete template failed</pre> <p>You get errors repeatedly after acknowledging the preceding error, and the console shuts down unexpectedly.</p>

Cumulative Known Limitations

The following table describes known limitations that are carried forward from previous releases:

Reference Number	Description
IR-2212	Identity Resolution can't create triggers to synchronize data from a database view. Workaround: To synchronize data from a database view, use NSA, Flat File or Web Services.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:

<https://www.informatica.com/services-and-training/customer-success-services/contact-us.html>.

To find online support resources on the Informatica Network, visit <https://network.informatica.com> and select the eSupport option.
