# Preface

Read *Monitor What's New* to learn about new features, enhancements, and changed behavior in the Monitor service for the April 2024 release.

## Informatica Resources

Informatica provides you with a range of product resources through the Informatica Network and other online portals. Use the resources to get the most from your Informatica products and solutions and to learn from other Informatica users and subject matter experts.

### Informatica Documentation

Use the Informatica Documentation Portal to explore an extensive library of documentation for current and recent product releases. To explore the Documentation Portal, visit <https://docs.informatica.com>.

If you have questions, comments, or ideas about the product documentation, contact the Informatica Documentation team at [infa\\_documentation@informatica.com](mailto:infa_documentation@informatica.com).

### Informatica Intelligent Cloud Services web site

You can access the Informatica Intelligent Cloud Services web site at <http://www.informatica.com/cloud>. This site contains information about Informatica Cloud integration services.

### Informatica Intelligent Cloud Services Communities

Use the Informatica Intelligent Cloud Services Community to discuss and resolve technical issues. You can also find technical tips, documentation updates, and answers to frequently asked questions.

Access the Informatica Intelligent Cloud Services Community at:

<https://network.informatica.com/community/informatica-network/products/cloud-integration>

Developers can learn more and share tips at the Cloud Developer community:

<https://network.informatica.com/community/informatica-network/products/cloud-integration/cloud-developers>

### Informatica Intelligent Cloud Services Marketplace

Visit the Informatica Marketplace to try and buy Data Integration Connectors, templates, and mapplets:

<https://marketplace.informatica.com/>

## Data Integration connector documentation

You can access documentation for Data Integration Connectors at the Documentation Portal. To explore the Documentation Portal, visit <https://docs.informatica.com>.

## Informatica Knowledge Base

Use the Informatica Knowledge Base to find product resources such as how-to articles, best practices, video tutorials, and answers to frequently asked questions.

To search the Knowledge Base, visit <https://search.informatica.com>. If you have questions, comments, or ideas about the Knowledge Base, contact the Informatica Knowledge Base team at [KB\\_Feedback@informatica.com](mailto:KB_Feedback@informatica.com).

## Informatica Intelligent Cloud Services Trust Center

The Informatica Intelligent Cloud Services Trust Center provides information about Informatica security policies and real-time system availability.

You can access the trust center at <https://www.informatica.com/trust-center.html>.

Subscribe to the Informatica Intelligent Cloud Services Trust Center to receive upgrade, maintenance, and incident notifications. The [Informatica Intelligent Cloud Services Status](#) page displays the production status of all the Informatica cloud products. All maintenance updates are posted to this page, and during an outage, it will have the most current information. To ensure you are notified of updates and outages, you can subscribe to receive updates for a single component or all Informatica Intelligent Cloud Services components. Subscribing to all components is the best way to be certain you never miss an update.

To subscribe, on the [Informatica Intelligent Cloud Services Status](#) page, click **SUBSCRIBE TO UPDATES**. You can choose to receive notifications sent as emails, SMS text messages, webhooks, RSS feeds, or any combination of the four.

## Informatica Global Customer Support

You can contact a Global Support Center through the Informatica Network or by telephone.

To find online support resources on the Informatica Network, click **Contact Support** in the Informatica Intelligent Cloud Services Help menu to go to the **Cloud Support** page. The **Cloud Support** page includes system status information and community discussions. Log in to Informatica Network and click **Need Help** to find additional resources and to contact Informatica Global Customer Support through email.

The telephone numbers for Informatica Global Customer Support are available from the Informatica web site at <https://www.informatica.com/services-and-training/support-services/contact-us.html>.

# CHAPTER 1

## April 2024

The following topics provide information about new features, enhancements, and behavior changes in the April 2024 release of Informatica Intelligent Cloud Services Monitor.

### New features and enhancements

The April 2024 release of Informatica Intelligent Cloud Services Monitor contains the following new features.

#### [New UI experience](#)

The Monitor user interface has a new look and feel that presents the features you'll use in greater clarity.

#### [Affected rows](#)

Monitor displays the number of affected rows for each target in a data transfer task and in a mapping task or dynamic mapping task that isn't based on an advanced mapping.

For more information about affected rows and job details, see *Monitor*.

# CHAPTER 2

## November 2023

The following topics provide information about new features, enhancements, and behavior changes in the November 2023 release of Informatica Intelligent Cloud Services Monitor.

### Changed behavior

The November 2023 release of Informatica Intelligent Cloud Services Monitor contains the following changes.

#### Pushdown optimization is now SQL ELT optimization

Pushdown optimization has been renamed to SQL ELT optimization in the user interface and documentation.

The user interface includes this change in many places, including the following instances:

- In the Mapping Designer, the Pushdown Optimization panel is now called the SQL ELT Optimization panel. Use the SQL ELT Optimization panel to perform SQL ELT optimization preview and SQL ELT optimization data preview.
- In the mapping task wizard and the mapping task editor, the **Pushdown Optimization** property is now called **SQL ELT Optimization**.
- When you use CLAIRE-powered runtime strategies, CLAIRE might recommend using SQL ELT optimization to run the mapping.
- In the job details for a mapping task, the Pushdown Optimization area is now called SQL ELT Optimization.

For more information about viewing job details, see *Monitor*. For more information about SQL ELT optimization, see the Data Integration help.

# CHAPTER 3

## October 2023

The following topics provide information about new features, enhancements, and behavior changes in the October 2023 release of Informatica Intelligent Cloud Services Monitor.

### New features and enhancements

The October 2023 release of Informatica Intelligent Cloud Services Monitor contains the following new features.

#### [CLAIRE insights for advanced clusters](#)

A new landing page is available to view CLAIRE insights for advanced clusters that use CLAIRE. CLAIRE reports on the estimated cloud infrastructure savings due to its intelligent optimizations, key areas that contribute to those savings, and additional financial insights to help you govern and monitor cloud spending and enable FinOps capabilities.

For more information, see *Monitor*.

#### [CLAIRE recommendations for jobs in advanced mode](#)

You can view CLAIRE recommendations when you monitor a mapping task that's based on a mapping in advanced mode.

For more information, see *Monitor*.

#### [Job priority and target duration status](#)

When you monitor a mapping task that's based on a mapping in advanced mode, the job results show the job priority and whether the task met its target duration.

For more information, see *Monitor*.

#### [Taskflows](#)

On the **All Jobs** page and **Running Jobs** page, you can download the log file for a taskflow. You can use the log file for troubleshooting issues.

For more information about viewing detailed information about a taskflow instance, see *Monitor*.
