Informatica
SSA-NAME3
10.5 HotFix 1
SSA-NAME3 Release Notes
September 2023

Contents

Read the Informatica® SSA-NAME3 Release Notes to learn about fixed limitations and known limitations of the release.

Installing or Upgrading SSA-NAME3

To install or upgrade SSA-NAME3, you must install or upgrade Identity Resolution. Before you install or upgrade Identity Resolution, see the following documents:

- *Informatica Identity Resolution 10.5 HotFix 1 Installation and Configuration Guide*

- *Informatica Identity Resolution 10.5 HotFix 1 Release Notes*

- *Informatica SSA-NAME3 10.5 HotFix 1 Release Notes*

For more information about product requirements and supported platforms, see the Product Availability Matrix: https://network.informatica.com/community/informatica-network/product-availability-matrices.

10.5 HotFix 1 Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-2654	In the Microsoft SQL Server environment, the records that contain the German character ß don't match similar records that contain the SS character.
IR-2638	When the key field data contains `Filter(n)` tags, SSA-NAME3 key generation fails with the following error: `Invalid key field data layout.`
IR-2559	When you set the population to `international` and search for the word `company`, SSA-NAME3 shuts down unexpectedly, and an error appears.

Reference Number	Description
IR-2498	When you match a compound name with its words in Chinese, Japanese, or Korean, SSA-NAME3 returns inconsistent match scores.
IR-2495	When you use N3STEN or N3STEN1 stabilization module and perform a search on the Email field, SSA-NAME3 returns a wide range of search results.
IR-2491	When the Code field contains strings that exceed more than 64 characters, the `ssan3_get_keys` function call fails.
IR-2424	When you perform a search based on date ranges, SSA-NAME3 returns incorrect match scores.
IR-2333	When you match a person name in Japanese, SSA-NAME3 returns a lower score than expected.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:
