Introduction

The Informatica SSA-NAME3 Release Notes provide important information about closed enhancement requests, fixed limitations, and known limitations of the release. Read this document carefully before installing or upgrading Informatica SSA-NAME3.

CHAPTER 1

Installing or Upgrading SSA-NAME3

To install or upgrade SSA-NAME3, you must install or upgrade Identity Resolution. Before you install or upgrade Identity Resolution, see the following documents:

- *Informatica Identity Resolution 10.1 Installation and Configuration Guide*
- *Informatica Identity Resolution 10.1 Release Notes*
- *Informatica SSA-NAME3 10.1 Release Notes*

For more information about product requirements and supported platforms, see the Product Availability Matrix: <https://network.informatica.com/community/informatica-network/product-availability-matrices>.

CHAPTER 2

SSA-NAME3 10.1

This chapter includes the following topic:

- [Fixed Limitations, 6](#)

Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-899	When you use the Individual purpose, if you do not specify values for the Date and ID fields, the search fails for the following population files: <ul style="list-style-type: none">- Arabic_M- Oman- Israel- Simplified Chinese- Traditional Chinese
IR-891	The N3SCS method does not process the <code>NULLSCOR</code> options correctly.

CHAPTER 3

SSA-NAME3 10.0 HotFix 1

This chapter includes the following topic:

- [Fixed Limitations, 7](#)

Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-729	On z/OS, SSA-NAME3 Server fails when the server gets more than 58 connections.
IR-696	Two similar strings, where one string is the concatenated form of the other string, return different match scores.
IR-652	Two similar strings with adjacent initials return different match scores. For example, strings Y Y Alan Pang and Alan Y Y Pang return different match scores.
IR-632	In an environment that uses Japan population file, the match scores are not consistent when the strings contain commas or hyphens.

CHAPTER 4

SSA-NAME3 10.0.0

This chapter includes the following topics:

- [Fixed Limitations, 8](#)
- [Known Limitations, 8](#)

Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-240	The N3SCM options, WORSTSCR and WSCRNOEX, do not return expected scores during matching.
IR-237	The population files include the following changes: <ul style="list-style-type: none">- Enhanced the customsets to remove out of order patterns. The affected population is Thailand.- Enhanced the Organization_Name edit list. The affected population is China.

Known Limitations

The following table describes known limitations:

Reference Number	Description
IIR-2799	When you perform a search that uses the Filter field in the LWM_FIELDS control, you get the following unclear error message: <code>NAME3V2 match failed 'Could not find field 'Filter<number>''</code> Workaround: Remove the Filter field from the LWM_FIELDS control because the LWM_FIELDS control does not support the Filter fields.
IIR-2117	On Windows, if the installation of SSA-NAME3 in console mode fails, the <code>errorlevel</code> value does not change from 0.

Reference Number	Description
IIR-1539	When you use the Organization purpose for matching records, if the ID field of one record is a subset of the ID field of another record, the ID fields get 100% match score.
IIR-1478	<p>If you install a product in a subdirectory of the <code>InformatiCaIR</code> directory, any subsequent tries to run an installer fails.</p> <p>Workaround: Specify the <code>--install-dir</code> parameter when you start the installer. For example, <code>./install --install-dir InformatiCaIR/iir</code> forces the installer to use the <code>InformatiCaIR/iir</code> subdirectory instead of the default <code>InformatiCaIR</code> directory.</p>
IIR-927	The Match Explain function does not work with multiple purposes.
IIR-572	<p>The installer fails when you try to install to an empty preexisting directory.</p> <p>Workaround: Delete the directory and repeat the installation.</p>
