Read the Informatica® PowerExchange® for SAS Release Notes to learn about new features, known limitations, and bug fixes associated with version 10.5.

New Features

Effective in version 10.5, PowerExchange for SAS includes the following features:

- You can specify the English, Shift-JIS, or UTF-8 encoding format to read data.
- You can read data from SAS tables where the page size can be unlimited.
- You can read data from uncompressed and compressed SAS tables. Compressed SAS tables include CHAR-compressed and Binary-compressed tables.

For more information, see the *Informatica PowerExchange for SAS User Guide*,

10.5 Limitations

There are no fixed or known limitations in this release.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:

<https://www.informatica.com/services-and-training/customer-success-services/contact-us.html>.

To find online support resources on the Informatica Network, visit <https://network.informatica.com> and select the eSupport option.
