Preface

Read the *Cloud Integration Hub What's New* to learn about new features, enhancements, and behavior changes in Informatica Intelligent Cloud Services™ Cloud Integration Hub.

Informatica Resources

Informatica provides you with a range of product resources through the Informatica Network and other online portals. Use the resources to get the most from your Informatica products and solutions and to learn from other Informatica users and subject matter experts.

Informatica Documentation

Use the Informatica Documentation Portal to explore an extensive library of documentation for current and recent product releases. To explore the Documentation Portal, visit <https://docs.informatica.com>.

If you have questions, comments, or ideas about the product documentation, contact the Informatica Documentation team at infa_documentation@informatica.com.

Informatica Intelligent Cloud Services web site

You can access the Informatica Intelligent Cloud Services web site at <http://www.informatica.com/cloud>. This site contains information about Informatica Cloud integration services.

Informatica Intelligent Cloud Services Communities

Use the Informatica Intelligent Cloud Services Community to discuss and resolve technical issues. You can also find technical tips, documentation updates, and answers to frequently asked questions.

Access the Informatica Intelligent Cloud Services Community at:

<https://network.informatica.com/community/informatica-network/products/cloud-integration>

Developers can learn more and share tips at the Cloud Developer community:

<https://network.informatica.com/community/informatica-network/products/cloud-integration/cloud-developers>

Informatica Intelligent Cloud Services Marketplace

Visit the Informatica Marketplace to try and buy Data Integration Connectors, templates, and mapplets:

<https://marketplace.informatica.com/>

Data Integration connector documentation

You can access documentation for Data Integration Connectors at the Documentation Portal. To explore the Documentation Portal, visit <https://docs.informatica.com>.

Informatica Knowledge Base

Use the Informatica Knowledge Base to find product resources such as how-to articles, best practices, video tutorials, and answers to frequently asked questions.

To search the Knowledge Base, visit <https://search.informatica.com>. If you have questions, comments, or ideas about the Knowledge Base, contact the Informatica Knowledge Base team at KB_Feedback@informatica.com.

Informatica Intelligent Cloud Services Trust Center

The Informatica Intelligent Cloud Services Trust Center provides information about Informatica security policies and real-time system availability.

You can access the trust center at <https://www.informatica.com/trust-center.html>.

Subscribe to the Informatica Intelligent Cloud Services Trust Center to receive upgrade, maintenance, and incident notifications. The [Informatica Intelligent Cloud Services Status](#) page displays the production status of all the Informatica cloud products. All maintenance updates are posted to this page, and during an outage, it will have the most current information. To ensure you are notified of updates and outages, you can subscribe to receive updates for a single component or all Informatica Intelligent Cloud Services components. Subscribing to all components is the best way to be certain you never miss an update.

To subscribe, go to <https://status.informatica.com/> and click **SUBSCRIBE TO UPDATES**. You can then choose to receive notifications sent as emails, SMS text messages, webhooks, RSS feeds, or any combination of the four.

Informatica Global Customer Support

You can contact a Customer Support Center by telephone or online.

For online support, click **Submit Support Request** in Informatica Intelligent Cloud Services. You can also use Online Support to log a case. Online Support requires a login. You can request a login at <https://network.informatica.com/welcome>.

The telephone numbers for Informatica Global Customer Support are available from the Informatica web site at <https://www.informatica.com/services-and-training/support-services/contact-us.html>.

CHAPTER 1

The following topics provide information about new features, enhancements, and changed behavior in the November 2022 release of Informatica Intelligent Cloud ServicesSM Cloud Integration Hub.

New features and enhancements

The November 2022 release of Cloud Integration Hub includes the following new features and enhancements.

Events REST API

You can obtain the events information related to publications and subscriptions using the Events REST API.

CHAPTER 2

October 2022

The following topics provide information about new features, enhancements, and changed behavior in the October 2022 release of Informatica Intelligent Cloud Services™ Cloud Integration Hub.

New features and enhancements

The October 2022 release of Cloud Integration Hub includes the following new features and enhancements.

File store publication repository

You can use a file store publication repository to publish and store files as-is, without loading the data into a relational database.

You can create file store topics to publish publications and consume subscriptions that run file ingestion tasks.

To use a file store publication repository, your organization must have a valid Mass Ingestion Files license. For more information, contact Informatica Global Customer Support.

For more information about publication repositories, see the Cloud Integration Hub help.

Asset management

You can manage Cloud Integration Hub assets on the **Explore** page in Data Integration.

You can perform the following actions: view, edit, delete, import, and export Cloud Integration Hub assets, and export object dependencies for Cloud Integration Hub assets in Data Integration.

For more information, see the Data Integration help.
