Preface

Read the Informatica Intelligent Cloud ServicesSM *API Center Release Notes* to learn about fixed issues and known issues. For information about new features and enhancements, see *What's New*.

Fixed issues

The tables in this section describe recent fixed issues for API Center. Note that some releases might not include fixes.

August 2024 fixed issues

Issue	Description
APIC-4239	When you download the activity log of the SOAP API invocations, the <code>ProtoType</code> attribute value appears as REST instead of SOAP.

Known issues

There were no known issues in this release of API Center. Not all monthly releases include known issues.

Informatica Global Customer Support

You can contact a Global Support Center through the Informatica Network or by telephone.

To find online support resources on the Informatica Network, click **Contact Support** in the Informatica Intelligent Cloud Services Help menu to go to the **Cloud Support** page. The **Cloud Support** page includes system status information and community discussions. Log in to Informatica Network and click **Need Help** to find additional resources and to contact Informatica Global Customer Support through email.

The telephone numbers for Informatica Global Customer Support are available from the Informatica web site at <https://www.informatica.com/services-and-training/support-services/contact-us.html>.
