Read the *Cloud Integration Hub Release Notes* to learn about fixed issues and known issues for Cloud Integration Hub.

For information about new features and enhancements, see *What's New*.

Cloud Integration Hub

Fixed issues

The following table describes recent Cloud Integration Hub fixed issues. Not all monthly releases include fixed issues. Note that the (*month, year*) value in each issue description represents the release in which the issue was fixed.

Issue	Description
CIH-1871	When a REST API request is made to Cloud Integration Hub, it doesn't bypass the proxy when the hostname is set to NonProxyHosts parameter in the Proxy setting. (July 2023 release)

Known issues

There are no known issues in this release.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:

<https://www.informatica.com/services-and-training/customer-success-services/contact-us.html>.

To find online support resources on the Informatica Network, visit <https://network.informatica.com> and select the eSupport option.
