Read the Informatica® Identity Resolution Release Notes to learn about fixed limitations and known limitations of the release.

Installing or Upgrading Identity Resolution

Before you install or upgrade to Identity Resolution version 10.5 HotFix 3, see the following documents:

- *Informatica Identity Resolution 10.5 HotFix 3 Installation and Configuration Guide*
- *Informatica Identity Resolution 10.5 HotFix 3 Release Notes*

For more information about product requirements and supported platforms, see the Product Availability Matrix: <https://network.informatica.com/community/informatica-network/product-availability-matrices>.

10.5 HotFix 3 Fixed Limitations

The following table describes fixed limitations:

Reference Number	Description
IR-3188	When you don't specify the weight parameter for a field, Identity Resolution displays the following error: Invalid search data layout.
IR-3039	The Informatica IR Console doesn't show the correct status of XML Synchronization Server.
IR-2966	In an environment that uses Rocky Linux and IBM Db2 UDB, a segmentation error occurs in the loadit module, and the system generates a core dump file.
IR-2783	When using HTTPS connections, the XML server response doesn't include the HTTP Strict-Transport-Security (HSTS) header.

Cumulative Known Limitations

The following table describes known limitations that are carried forward from previous releases:

Reference Number	Description
IR-2212	Identity Resolution can't create triggers to synchronize data from a database view. Workaround: To synchronize data from a database view, use NSA, Flat File or Web Services.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:

<https://www.informatica.com/services-and-training/customer-success-services/contact-us.html>.

To find online support resources on the Informatica Network, visit <https://network.informatica.com> and select the Support option.
