## Installation

For information about installing Relate 360, see the *Informatica MDM - Relate 360 Installation and Configuration Guide*.

For more information about product requirements and supported platforms, see the Product Availability Matrix on Informatica Network:

<https://network.informatica.com/community/informatica-network/product-availability-matrices>

## MDM - Relate 360 Version 10.1 HotFix 1

### Fixed Limitations

The following table describes fixed limitations:

Enhancement	Description
BDRM-2604	When you run a search request in a distributed search environment, if you split, merge, or move the regions of the region servers, the region servers shut down unexpectedly.
BDRM-2580	If a search request runs for a longer period of time in an environment that uses distributed search, you get a null pointer exception, and the region servers shut down unexpectedly.

# MDM - Relate 360 Version 10.1

## Closed Enhancement Requests

The following table describes closed enhancement requests:

Enhancement	Description
BDRM-2563	The search logic is optimized to improve the performance of search requests in a distributed search environment.

## Informatica Global Customer Support

You can contact a Global Support Center by telephone or through the Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:
