This document contains important information about installation, fixed limitations, and known limitations for Informatica Edge Data Streaming.

## Installation

Before you install Informatica Edge Data Streaming, verify that your system meets the minimum requirements and follow the pre-installation steps.

Edge Data Streaming 2.5.0 is supported to run on Informatica versions 10.2 HotFix 2 and 10.2.2.

For more information about installation, see the *Edge Data Streaming Installation and Configuration Guide*.

For more information about product requirements and supported platforms, see the Product Availability Matrix on Informatica Network:

<https://network.informatica.com/community/informatica-network/product-availability-matrices>

## Fixed Limitations

The following table describes fixed limitations:

Bug	Description
VDS-271	Edge Data Streaming statistics do not appear on the Monitoring tab in the Administrator tool if you are running on versions Big Data Management 10.2.2 and Big Data Streaming 10.2.2.
VDS-263	Edge Data Streaming statistics do not appear on the Monitoring tab in the Administrator tool when the domain hostname has uppercase letters.
VDS-257	Edge Data Streaming statistics do not appear on the Monitoring tab in the Administrator tool if you are running on PowerCenter 10.2 HotFix 2.
VDS-255	Unable to create Edge Data Streaming service from the Administrator tool.

## Known Limitations

The following table describes known limitations:

Bug	Description
VDS-346	When you use HDFS target on the Amazon EMR distribution, you get the following error: <code>java.lang.NoClassDefFoundError</code>
VDS-345	When you uninstall Edge Data Streaming on Windows, you get the following error: Windows DLL failed to load
